*While the 4-H Cloverbuds program is a component of the overall 4-H Youth Development program and 4-H Cloverbuds members are recognized as 4-H members for the purposes of enrollment, they are considered to be in a special membership category with regard to programs and policies.

Good Standing

Members, parents and leaders, do you know exactly what 4-H members need to do to be in "good standing"? Do you know what the "good standing" requirements are? If not, please take a moment to check these out now. Don't wait until before the fair (or other events/activities) when you may not have enough time to meet the requirements.

Remember, a 4-H member in good standing is one who has met the following requirements:

--Enrolls in a 4-H Club by February 1, 2024.

--Attends at least 40% of all club meetings held between October 1, 2023 and the date of the event or activity. Some 4-H Clubs require members to attend at least 50% of club meetings. So, be sure to check with your 4-H club leader for the minimum number of club meetings you are required to attend to be considered in "good standing".

--Follows the NM 4-H Conduct and Behavior Expectations of Youth and Adults.

4-H Project Materials

In 4-H, there are numerous projects available to members. Projects include animal science, gardening, photography, foods, clothing, public speaking, creative arts, Cloverbuds and more. A complete list of projects is available on the NM 4-H website. Project materials are available for each 4-H project which include manuals and record forms. Members receive materials by enrolling in the project and requesting materials from the Otero County Extension Service. Leaders may also request project materials to facilitate 4-H project meetings.

Many of the 4-H project materials are available as a digital file (free of charge). In Otero County, the first three printed project materials are provided free of charge to 4-H members and any additional projects cost \$4.00 each. If you would like to request digital or printed project materials, please call (575-437-0231) or email (otero@nmsu.edu) the Otero County Extension Service. There is no deadline for adding a project to your enrollment during the 4-H program year.

4-H Enrollment Changes and Meeting Attendance

Please contact the Extension Office, 575-437-0231, if you would like to make any changes to your 4-H enrollment. After February 1, 2024, you will not be able to make any changes in the Zsuite enrollment program via the Zsuite website and therefore you will need to contact the Extension Office by phone, 575-437-0231, or email, otero@nmsu.edu, and request changes be made to your enrollment. This includes changing to a different club, adding/dropping 4-H projects, updates to your contact information, etc. Parents/guardians need to check with their organizational 4-H club volunteer leader and confirm their youth are enrolled in the 4-H club they are attending 4-H club meetings for as good standing verification will be sent to the 4-H club youth are enrolled in via the Zsuite enrollment program. 4-H members will only receive credit towards good standing for attending 4-H club meetings for which they are enrolled in via Zsuite. Also, 4-H youth enrolled in multiple 4-H clubs via Zsuite are required to meet the attendance requirements of all clubs they are enrolled in to be considered in good standing.
